## **IT'S RODEO TIME AGAIN AT ALBERT MOVING AND STORAGE**

**WICHITA FALLS** -- The 5<sup>th</sup> Annual **Mover Skills Rodeo** will be held at Albert Moving and Storage this Thursday, May 14<sup>th</sup>. The Rodeo competition is among the crews who are experienced movers of household goods. The event is planned as a fun way to infuse quality methods into every activity the crews are called on to perform each day.

"We are constantly working with our employees to be Careful, Quick and Kind with each Customer and that Customers' goods" said Bobby Albert, president of Albert Moving and Storage. Like a "real" rodeo, we will feature team events that at times require several people's individual skills working together to win an event. Teams of judges score every event and look for execution of pre-determined requirements.

The Albert Moving and Storage commitment to quality was recently recognized with the designation of ProMover status from the American Moving and Storage Association, the only such designated mover in this region.

The **Mover Skills Rodeo** competition is scheduled to run from 7:30 a.m. to 11:00 a.m. at Albert Moving and Storage's 4401 Barnett Road location. The competition will close with an employee lunch and awards ceremony at 11:30 a.m.

About Albert Moving and Storage

The vision of [Albert Moving and Storage](#) is to *Revolutionize The Way People Move*<sup>™</sup>. The organization services consumer, corporate and government channels for relocations, storage, commercial distribution and records management. The family-owned business presently employs over 80 people and has operated in the moving and storage industry for over 70 years with the company headquarters located in Wichita Falls, Texas.
